

New Designs in Lever Clocks

Gillett & Johnston offer for 1922 a splendid range of their High-Grade Clocks—combining excellence of workmanship with beauty of design for which they are famed.

The New Designs include :—

Grandfather, Grandmother and Bracket Cimepieces, Strikes, Ting-Cangs and Chimes in a large variety of designs.

Electric Clock Installations.

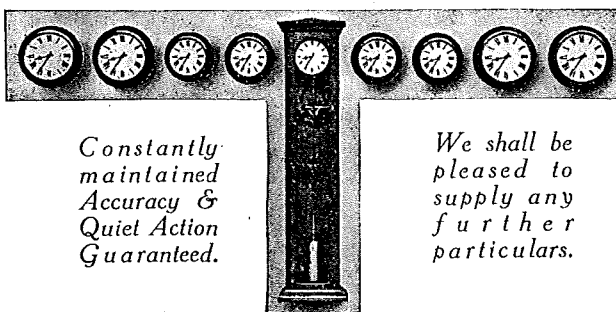

Specially designed for Churches, Town Halls, Railways, Stores, etc., where unerring accuracy and silent working are required.
