
15,000 ELECTRIC CLOCKS A MONTH BEING SOLD

Who's doing the selling?

500 SYNCHRONOUS Electric Clocks are being sold every working day now—the output and demand are both quickly going up. Are you selling your share—or leaving the profit to a more pushing competitor?

Here are clocks that will give your customers Greenwich time continuously from their mains with no winding or attention—clocks that will give you good profits—Smith's Synchronous Electric Clocks, the product of the largest makers in Great Britain of clocks for domestic use.

NATIONAL ADVERTISING—SALES AIDS

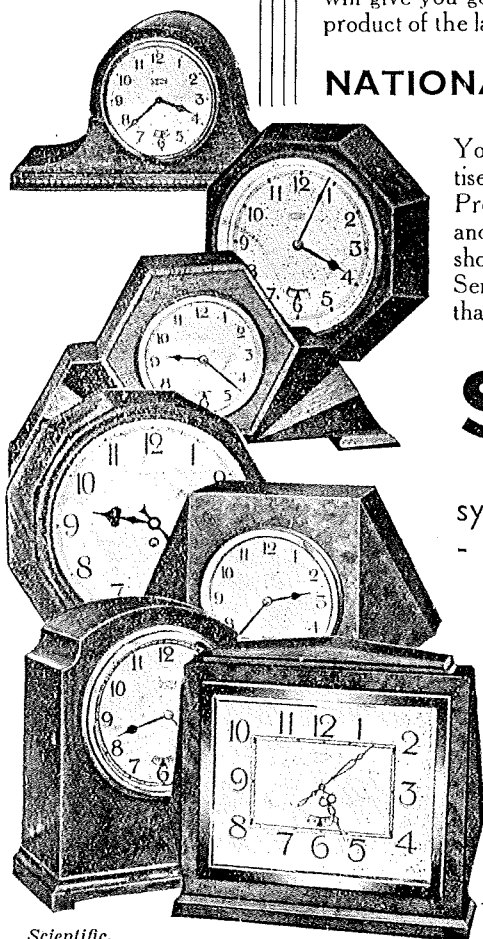

You—and your customers—will see Smith's Clocks advertised consistently in the Daily, Provincial and Specialized Press. Link up with this publicity by using the generous and attractive display matter freely supplied by the makers; showcards and folders designed to bring in business to you. Send now for full particulars and trade terms. Make sure that YOU are "doing the selling" in your district!
