Mr. M. Barratt,  
39, Ellerby Street,  
Fulham, S.W.6.

Dear Sir,

We thank you for your visit to our stand at the Engineering & Marine Exhibition, and have pleasure in enclosing, as promised, our catalogue, price schedule and leaflets in connection with the Synchronome equipment.

We would confirm that the Synchronome Master Clock is capable of controlling any number of dials, including Programme Controllers, Staff Time Recorders etc. without limit.

The timekeeping obtainable from the standard master clock is within the barometric error.

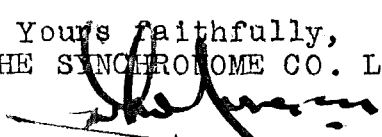

With regard to the School installations, we would mention that all the schools under the Kent County Council's control are installed with the Synchronome equipment, and a number of the Schools have Programme Controllers installed for the sounding of bells automatically for the changing of lessons or class rooms.

We have also installed our equipment in the higher schools of the London County Council and Middlesex County Council, in fact the Local Authorities throughout the country have our equipment in one or another of their schools.

If we can be of any assistance to you in the laying out of a circuit, or help you in suggesting the correct sized dials for the different rooms, we shall be only too pleased to send a Representative along to assist you.

E.I.35.

Kent.

Dear Sir,

We thank you for yours of the 29th October, and would inform you that we are now supplying component parts for the building of the Synchronome Master Clock and we enclose herewith a price list of parts available.

Before supplying we should require an undertaking from you that the clock, when built, will be for your own use and not put to any commercial use or resold.

To avoid unnecessary paper work, we like to deal with these matters on cash basis and you should include with your order a figure of 10% to cover packing and carriage.

We await your instructions accordingly.

Yours faithfully,  
for THE SYNCHRONOME CO. LTD.

Managing Director.

Dear Sir,

We are obliged for your letter of the 4th instant, enclosing postal order value 9/6d. We enclose herewith full sized print of the Master Clock together with our receipt invoice. The undertaking contained in your letter of the 4th instant is quite sufficient for our purpose, we have no standard form of undertaking.

Assuring you of our best attention.

We are, dear Sir,
