# UNITED STATES PATENT OFFICE.

SAMUEL P. THRASHER, OF NEW HAVEN, CONNECTICUT.

## DESIGN FOR A CLOCK-FACE.

SPECIFICATION forming part of Design No. 30,829, dated May 23, 1899.

Application filed March 16, 1897. Serial No. 627,882. Term of patent 7 years.

*To all whom it may concern:*

Be it known that I, SAMUEL P. THRASHER, a citizen of the United States, and a resident of New Haven, in the county of New Haven and State of Connecticut, have invented and produced a new and original Design for Clock-Faces, of which the following is a specification.

My invention relates to a new and original design for a clock-face, and in the illustration thereof shown in the accompanying drawings, Figure 1 shows my design in plan view. Fig. 2 is a section of Fig. 1 on the line X X.

My design consists, primarily, of a substantially flat clock-face A, having rectangular-shaped openings B and an arc-shaped opening

C. The rectangular openings B are arranged above the arc-shaped opening, as shown in the drawings.

The leading feature of my design is the arrangement of the several openings as shown. 20

What I claim is—

The design for a clock-face substantially as herein shown and described.

Signed at New Haven, in the county of New Haven and State of Connecticut, this 15th day 25 of March, A. D. 1897.

SAMUEL P. THRASHER.
